

Skiing Levels

1		First Timer	You have never skied before! You will learn to walk, climb, get up on skis, stop on very gentle terrain and possibly start to turn.
1.5		Beginner Refresher	You have been on skis before but maybe its been a really long time or you feel scared. Your are learning to turn and stop.
2		Easy Street (Exploring)	You can climb a bit, get up on skis, and stop gently. You are learning to stop without assistance and connect round turns.
2.5		Easy Street (Mastered)	You connect turns and stop without assistance. You are building confidence and learning to turn to a stop on steeper terrain.
3		Easy Chutes & Trails	You can connect turns and stop in control on steeper green terrain. You are learning to control speed with skidded turns.
3.5		Bear Chair	You can control speed with skidded turns. You will learn to vary turn shapes using a narrower wedge and/or parallel skis.
4/5		Bear / Temptation	You can vary turn shapes, handle all green terrain, and have very little wedge. You will learn to ski parallel all the time.
6/7		Main Street / 45th	You can ski parallel all the time on any groomed run. You will learn to sideskid and turn quickly. You will explore natural snow.
8/9		Off-Piste	You ski parallel on any slope, enjoy natural snow, and stay in control. You will learn to carve and ski steeps or powder.

Snowboard Levels

1		First Timer	You have never snowboarded! You will learn to skate, climb, get up on a board as well as glide to a stop and side slip.
1.5		Beginner Refresher	You snowboarded before but maybe its been a while or you feel scared. You're learning to side slip and traverse across the slope.
2		Easy Street (Exploring)	You can skate, climb, glide, sideslip, and traverse. You're working on creating toe and heel side turns.
2.5		Easy Street (Mastered)	You link turns and stop while keeping balanced on easy terrain. You are learning to complete turns on slightly steeper terrain.
3		Easy Chutes & Trails	You are connecting heel and toe side turns. You will learn to initiate and control speed through skidded turns of varying sizes on slightly steeper slopes.
3.5		Bear Chair	You can control speed with skidded turns. You will learn to vary turn shapes by experimenting with tipping and tilting the board.
4		Bear / Main Street	You can vary turn shape and control speed. You will learn to carve toe and heel side turns as well as ride switch.
5		North / 45th	You carve and ride switch well. You will explore skills and tactics for easy bumps and may venture into small park and pipe elements.
6		Off-Piste	You control speed and link turns on all slopes and enjoy the challenge of natural snow. You will learn how to ride with style.
