

Best Snow in IDAHO™

Blessed with an abundance of Northern Rockies powder, Brundage Mountain opened with a family-centered vision in 1961. One of the last remaining family-owned resorts in North America, Brundage holds the undisputed reputation for having the Best Snow in Idaho™. Skiers and riders enjoy superb conditions on wide, beautifully groomed runs and in glades stuffed with feather-light powder.

MCCALL, IDAHO

Named **'The Last Great Place'** by Skiing Magazine in 2016, Brundage is located just a short eight mile drive from McCall, ID, a classic mountain town with a strong local ski culture. McCall offers non-stop adventure with snowmobiling, fat-biking, cross-country skiing, snowshoeing, sleigh rides, hot springs and the unrivaled revelry of our famous Winter Carnival.

BRUNDAGE MOUNTAIN SNOW CAT ADVENTURES

Join a handful of thrill-seeking souls in the pursuit of untracked lines, endless glades and deep powder. Our experienced guides lead groups of up to 10 skiers and riders into an 18,000 acre backcountry paradise. Ambitious groups can get up to 18,000 feet of vertical in a day as they explore pristine terrain on Granite Mountain (8,478 feet), Slab Butte (8,225 feet), 76 Peak (7,676) and in our newest area, La Casa Ridge. Starting at \$299 for a single seat or \$2300 for the whole cat, this is a bucket list bargain you'll want to turn into a tradition!

AMENITIES

Brundage Mountain's lodge facilities give off a classic old-school vibe, which leaves many visitors pleasantly surprised to discover the first-class amenities offered here. Brundage is home to a fully-accredited Ski & Ride School, a convenient Drive Up Kids Center (offering daycare starting at just 6 weeks), a full service rental, tune and demo shop, as well as five food and beverage venues that cater to all tastes and needs. Two amenities that are unique to a resort this size are Brundage Mountain's well-established SnowCat Adventures and brand new Snowmobile Tours and rentals.

BRUNDAGE MOUNTAIN SNOWMOBILE ADVENTURES

In 2016, Brundage Mountain received a permit for the first guided snowmobile tours on the McCall Ranger District. Our seasoned guides offer full- and half-day snowmobile trips on more than 300,000 acres of Payette National Forest land. Snowmobiling is hugely popular in the McCall area, and for good reason. Providing guided service makes this great experience available to a wider group of people who may not have experience with snowmobiles or backcountry travel. Scenic destinations include Clow Point, Granite Lake, Brundage Reservoir, Hazard Lake, the historic town of Warren, the Brundage Mountain Lookout, and historic Burgdorf Hot Springs, among others. Half-day trips start at \$235. Full-day trips are \$295 per person.

GETTING HERE

Boise Airport

The Boise Airport is convenient and uncrowded and offers air service via Delta, Alaska Airlines, Southwest, United, American Airlines, and Alligiant.

Directions from the Boise Airport

Take I-84 west to Exit 46. Travel north toward Eagle / McCall / Emmett. Turn east (right) onto E. State Street / ID-44. Turn left (north) on Highway 55. Travel 100 miles to McCall, then continue north on 55. The turn-off to Brundage will be on the right approximately 4 miles north of McCall.
